Congratulations on your engagement!

Rustic. Elegant. Family-Friendly.

With acres of farmland and a truly unique barn, Vesperman Farms is a perfect country location to hold your wedding ceremony, reception, shower, rehearsal supper, or vow renewal. At Vesperman Farms, we believe that each celebration is unique and incredibly special. Each event is treated with great care: with attention to detail, an eye for design, and excellent service from all of our staff. We are committed to exceeding your expectations, no matter what you envision your wedding day to be.

The barn offers great indoor and outdoor space for up to 275 guests. Our modern amenities are what distinguish us from other venues: in-floor heating and quiet fans keep your guests comfortable no matter the season; dimmable lights allow you to set the mood of your event; and we have indoor restroom facilities that are rare for our type of venue. We top this all off with a farm-fresh menu and meal service, family-style seating options, and entertainment and activities for all ages.

Our highest priority is to assist you with the planning process so that you can have a relaxing and stress-free wedding day. As a first step, please contact us to schedule a tour of our venue and to talk with our venue coordinator. We look forward to celebrating with you!
